

7" LCD COLOR MONITOR (LED BACKLIGHT)

SKU - 3EC07MLEDT

PRODUCT OVERVIEW

The 3rd Eye® 3EC07MLEDT LCD color monitor is the perfect display for fleets looking to increase visibility and safety.

The 7" monitor has capacity for up to five separate camera inputs and is capable of displaying up to four separate camera feeds simultaneously, allowing for 360° of video coverage.

The monitor also features full audio out – as well as an intuitive push-button interface allowing the user to switch functions, adjust brightness and/or audio.

ADDITIONAL FEATURES

- Support and auto-detect D1 analog/AHD 1080P/TVI 1080P cameras
- Support up to 5 CCD Camera inputs (Mini din connector)
- Parking line / distance gauge setting function (customize position and width of lines)
- Auto-sleeping function (default is OFF)
- Manual dimming function
- Three triple-screen modes
- Support cameras with COC function
- External plug for firmware updates
